### CLEARLAKE OAKS COUNTY WATER DISTRICT AGENDA

#### REGULAR MEETING OF THE BOARD OF DIRECTORS

Clearlake Oaks County Water District Administration Building 12952 E. Hwy. 20 Clearlake Oaks, CA 95423 (707) 998-3322

#### **SEPTEMBER 16, 2021**

This meeting will be conducted by Roberts Rule of Order.

Where appropriate or deemed necessary, the Board may take action on any item listed on the agenda, including items listed as information items. Public documents relating to any open session item listed on this agenda that are distributed to all or a majority of the members of the Board of Directors less than 72 hours before the meeting are available for public inspection in the customer service area of the District's Administrative Office at the above address.

The public may address the Board concerning an agenda item either before or during the Board's consideration of that agenda item. The President will call for comments at the appropriate time. Comments will be subject to reasonable time limits of three minutes.

In compliance with the Americans with Disabilities Act, if you have a disability, and you need a disability-related modification or accommodation to participate in this meeting, then please contact Clearlake Oaks County Water District Secretary to the Board at 707-998-3322. Requests must be made as early as possible, and at least one full business day before the start of the meeting.

#### **AGENDA**

Call to Order – 2:00 p.m. Pledge of Allegiance Roll Call

| ☐ Mrs. Margaret Medeiros, President ☐ Mr. Stanley Archacki, Vice President☐ Mr. Samuel Boucher, Director☐ Mr. Michael Herman, Director☐ Mr. James Burton, Director☐ |
|---|
| □ Mrs. Dianna Mann – General Manager □ Mrs. Olivia Mann – Board Secretary   |
| ☐ Mr. Francisco Castro, Wastewater ☐ Mr. Kurt Jensen, Water ☐ Mr. Jeremy Backus, Distribution   |

#### Public comment on non-agenda items

This is the opportunity for the public to comment on non-agenda items within the Board's jurisdiction. Comments are limited to three (3) minutes

#### **Staff Written Operational Reports**

- a. Customer Service
- b. Chief Distribution Operator
- c. Water Plant Chief Operator
- d. Wastewater Plant Chief Operator
- e. General Manager

#### Consent Items

The Board will be asked to approve all Consent Items at one time without discussion. Consent Items are expected to be routine and non-controversial. If any Director, staff, or interested person requests that an item be removed from the Consent Items, it will be considered with the action items.

#### 1. Financial Reports for review and approval

- a. August 2021, QB balance sheet and profit & loss statements
- b. Bank account balances and accounts receivable
- c. Employee payroll report
- d. Aged trial balance summary
- e. Vendor aging report, accounts payable breakdown

| 2. Minutes of previous meeting for review and appro |    |
|---|----|
|   | va |

a. Minutes of Regular Meeting 08/19/2021

#### 3. Bills

- a. MC Engineering invoice number 2095, dated 09/06/2021, in the amount of \$48,598.41for the USDA Water Projects
- b. T & S Construction invoice number 4, dated 8/31/2021, in the amount of \$281,158.20 for the USDA Water Projects

| Ac  | tion | Taken   |
|-----|------|---|
| 4.  | Ag   | enda (Old Business)   |
|     | a.   | Discussion and approval of an additional \$400.10 for the purchase of the Administration vehicle  |
| Ac  | tion | Taken:  |
| 5.  | Ag   | enda (New Business)   |
|     | a.   | Discussion and consideration of Resolution 21-24, Approval and Authorization to Execute a Contract Between Leasing 2, Inc. and Clearlake Oaks County Water District   |
| Ac  | tion | Taken:  |
|     | b.   | Discussion and consideration of Resolution 21-25, Authorizing Representative for the DWR grant  |
| Ac  | tion | Taken:  |
|     | C.   | Discussion and consideration of Resolution 21-26, Amending the Employee Handbook  |
| Ac  | tion | Taken:  |
|     | d.   | Discussion and consideration of Resolution 21-27, Amending the "Policy Pertaining to Public Works" as it relates to emergencies   |
| Act | tion | Taken:  |
|     | e.   | Discussion and consideration of awarding T & S Construction the bid on the Emergency Intake Improvement Project not to exceed \$375,000.00  |
| Act | tion | Taken:  |
|     | f.   | Discussion and consideration of approving \$25,000 out of the Water Reserves Account to cover District's share of the Emergency Intake Improvement Project  |
| Act | tion | Taken:  |
|     | g.   | Discussion and consideration of granting permission to apply for a loan up to \$500,000 with USDA for the Lift Station 1 Gravity Pipeline/Manholes Rehabilitation Project. Estimated annual payment would be \$15-\$20,000 for 40 years |
| Act | tion | Taken:  |

| h.     | Discussion and consideration of MC Engineering's contract for the Emergency Intake Improvement Project  |
|--------|---|
| Action | Taken:  |
| i.     | Discussion and consideration of MC Engineering's contract for the Lift Station 1 rehabilitation of four lift stations and exposed sewer pipe                            |
| Action | Taken:  |
| j.     | Discussion and consideration of approving CCTV and smoke testing for the four lift stations and exposed sewer lines just East of Lift Station 1 not to exceed \$12,000. |
| Action | Taken:  |
|        |   |
| Adjour | nment Time:   |

### Clearlake Oaks County Water District

P.O. Box 709 / 12952 East Highway 20 Clearlake Oaks, CA 95423 (707) 998-3322 Phone (707) 998-1245 Fax www.clocwd.org (Website)

#### September 13, 2021

#### Administration

- $\partial$  We received  $\underline{0}$  water quality complaints (WQC)
- $\partial$  We received  $\underline{0}$  consumer/appeal claim(s)
- $\partial$  There are <u>13</u> accounts on payment arrangements, <u>6</u> of those accounts are forfeiture payment arrangements and are not receiving a monthly statement
- The USDA meter change out is nearing, we only have approximately 35 meters remaining to be installed, a portion of which cannot be installed into the Harvey pipeline is complete.
- ∂ THE USDA Backflow Prevention Assembly (BPA) project is underway with just under 225 BPA's installed, we have approximately 556 remaining. Bailey has been extremely helpful with this project, thank you Bailey!
- ∂ The water shut off moratorium is still in place until September 30, 2021, this looks to be a firm date, I have tentatively scheduled shutoffs.
  - Shut Offs for non-payment will be approximately October 19, 2021
- The District continues to conduct its billing audit on vacant lots and unbilled properties within District boundaries. This will be an ongoing audit for at least 12-months.
- ∂ Processed write offs on September 8, 2021, 6 account balances were written off, totaling \$125.00
- Badger was here on September 9<sup>th</sup> to assist with technical problems we are having with meters, they did field work on approximately 17 meters, meter reading is scheduled for the morning of September 16<sup>th</sup>
- Nurt and I continue to submit the weekly drought reports to State, the office is currently
  monitoring usage and are going to send out the second round of high usage letters within the
  next 10 days.

All the best, Olivia Mann

RE: DC board letter,

#### Water distribution main & service lines:

\*T&S Construction are continuing with the back flow installs. T&S is finished with the new main line install on Spring Rd. Keep in mind that does not mean the mains are in use just installed in the ground.

- \*As far as leak repairs go, we have 14 this month:
- 3 curb-stops and meter gaskets.
- 6 repaired service lines with repair clamps.
- 4 replaced entire service line due to the amount of previous repairs or in need of multiple repairs.
- 1  $\frac{3}{4}$ " service line that decided to give up, and blew off the compression fitting in the middle of the night.
- 0 main repairs

13984 Chestnut, leak / 13324 Anchor, before & After service line that blew off and roots around line

#### Sample stations sites/Boil water notices:

\*DC crew is still collecting the routine BacT samples every Wednesday. All reports have come back absent for total Coliforms and E.Coli. DC has also been helping out with tank runs.

#### Sewer collections and Lift station sites:

\*No new sewer spills to report.

\*On 9/6/21 from 4am-10pm we lost communications with SCADA for our lift station. After running a bunch of tests, it was determined that it was a connection on Verizon's end.

#### Staff updating:

\*DC crew includes;

- Jeremy, Chief OP. 3, Class B license.
- > Jesse, Lead OP. 2, Class B license, Tech. Ham license. "Waiting on D3 cert."
- > Hugo DC OP. 2, Class B license. Tech. Ham license.
- > Jerry DC OP. 2, pending his 1 year of experience in water industry.
- > Jake Utility Tech with I.T. knowledge. "Out on workmen's comp"

\*Jesse has spent most of his time working with Kurt in the water plant. This month has been even more difficult for us. We didn't have Hugo for 2 weeks, so it was just Jerry and I doing everything. At one point we had to borrow Bailey from the Admin to help with traffic control.

\*DC crew took a 3 hour on-line course for, "collection 101". After taking the course I figured out that we have a lot of on the job knowledge. It appears that I need to seek out a more advanced course next time.

#### District vehicles:

\*Our Dodge crane truck's AC is still out, just have not had time to bring it in.

\*28 KW generator (G-8). The fan parts and radiator still need to be installed.

\*20 KW generator (G-7) A new alternator has been installed, but now the fuel pump is not working.

#### Miscellaneous:

Thank You Chief DC, Jeremy Backus

July /Aug, 2021 Board letter

- ▲ Julys and August raw water has become very difficult raw NTU has climbed at times to over 100 NTU. Charge analyzer and jar testing are being done regularly, adjustments are being made multiple times a day and monitored, and backwashes are a daily necessity.
- ◆ James and I have adjusted our schedule to keep the plant up as much as possible one of us come in for days and one for nights, We have been here 7 days a week Jesse from DC has also been training with us as he has his T2 license we plan to utilize him to give us breaks.
- Water production for the month of June was 28.72 MG.
- Due to high demand and heat the plant is running 24 hrs a day.
- ◆ DC has been doing the weekly tank runs for testing of chlorine residuals in all the tank locations.
- Continuing maintenance / cleanup through the plant area.
- ♦ I believe the floats around the dock intake do help with the larger algae, however when the in picks up over 15mph the algae does make it through.
- ♠ A new evaporative cooler for the filter / lab room was able to be installed, also we were able to install a gate on the pier entrance to help keep people off the pier.

Water sample list is attached

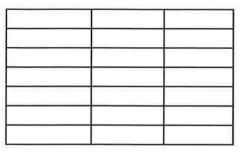

Treatment staff:
James Simons T2 Operator
Kurt Jensen T3, D2 Chief
Helping treatment also
Jesse Seth T2 operator

Thank you,
Kurt Jensen
WTP Chief Plant Operator

September 10, 2021

Clearlake Oaks County Water District P.O. Box 709 Clearlake Oaks, CA 95423-0709

RE: August Board Letter

A total of 11.276 MG of influent came into the plant through our Headwork's averaging 364,000 gallons a day. The total amount of effluent that was sent over to South East Wastewater Plant through our effluent pipe was 9.595 MG averaging 310,000 gallons a day (215 gpm). As we all know we are experiencing a severe drought which is reflected on our lake. Clearlake averaged -1.27' Rumsey and ended the month at a level of -1.63' Rumsey. We have seen the effects here at the plant with the great amount of algae we receive from the water plant. It was necessary to drain our new clarifier to give the blanket time to settle. The lack of settling has been the major effect in our process due to the conditions that we are experiencing. Even though we are facing challenging time at the moment, all effluent discharge has been in compliance with our WDR.

On August 26 we conducted our 3<sup>rd</sup> quarter groundwater monitoring sampling. We were unable to sample well #2 again due to the lack of water in this well. Well #1 and #3 were sampled and sent over to Alpha Labs for analysis. I will be reporting more on this when results come in and the report pertaining this quarter is available. We have also begun disposing this seasons sludge. About 80% of our inventory has gone to Potrero Hills Landfill at this time. All waste activated sludge should be disposed completely by September 25<sup>th</sup>. It is always exciting to see this happen because it marks the end of a year of process at the waste plant. All maintenance and testing have been done for the month.

Francisco Castro Wastewater Chief Plant Operator

### Clearlake Oaks County Water District Board of Directors Board Meeting September 16, 2021

Hello Board Members,

First, a big shout out to Directors Boucher and Herman for all their help and support installing the boom and aerator pump. An active Board makes for a successful District. It never fails, whenever the Staff asks for help all our Directors are eager to pitch in and help. It is greatly appreciated.

This District has been approved for a \$650,415 grant for the Emergency Intake Improvement Project that will consist of 1,000 to 1,500 feet of 8" pipe, VFD, self-cleaning screen, pump, SCADA, and all connections. MC Engineering, John Pedri, was an invaluable asset in assisting me with all the necessary equipment and material needed to make this project a success.

With the lake level so low, I believe now is the time to take advantage of rehabilitating four lift stations and some exposed sewer pipe that is usually under the water. I would like to perform some smoke testing and some CCTV work that will show some of our infiltration problems in that area. The four lift stations will need to be raised out of lake level along with piers that will allow staff to perform maintenance and prevent lake water from infiltrating our sewer system during high water times, along with incasing the exposed sewer pipe that is usually under water.

In addition to the above projects, I am working with John on updating all the grants that have been put on hold due to lack of funding in hopes we can move forward with additional major projects in the coming years.

The District has also been working with the State Water Board regarding all the delinquent accounts due to COVID. I am not sure of the end game, however, I am optimistic that we might be receiving some relief money, possibly around \$150,000.

There have been a couple more fires near the District, however, neither have had an impact on our Water Plant. Speaking of the Water Plant, the Operators are still working long hours keeping up with the ever changing condition of the lake. Our D/C Operator, Jesse, has been temporarily transferred to the water department to give some relief to the Treatment Operators.

Please refer to the attached MC Engineering update on the USDA Project.

As always, a huge thank you to Staff for working hard and taking pride in a job well done.

Respectfully Submitted, Dianna Mann General Manager

Report Date: September 8th, 2021

To: Dianna Mann, CLOCWD General Manager

From: Mark Carey, P.E., MC Engineering Principal Engineer

**RE: CLOCWD USDA Funded Water System Improvements Project** 

Billing Period: August, 2021

#### I. Project Status Update

Work on the project during August included the following:

- Contract facilitation and monthly invoicing
- Misc. correspondence with contractor
- Weekly meetings and minutes
- Meter location data analysis
- On site inspection services and data logging of meter and BPA installations
- Coordination with environmental
- Submittals Reviews (shop drawings)
- Coordination with RGH for testing backfill compaction

#### II. Budget Status Update

Total Contract w/Design \$1,238,396.00

This Invoice: \$48,598.41 Cost to Date: \$894,304.13

Cost to Complete: \$344,091.87

#### III. Projected Tasks for September 2021

- Continue to conduct weekly construction meetings (agenda and minutes)
- Coordination with geotechnical subconsultant for compaction testing (potentially DMAs)
- Review of submittals
- Respond to RFIs and CCO
- Continue daily field inspections for meter installs, backflow preventers, and tank site improvements

# CLEARLAKE OAKS COUNTY WATER DISTRICT MINUTES

#### REGULAR MEETING OF THE BOARD OF DIRECTORS

Clearlake Oaks County Water District Administration Building 12952 E. Hwy. 20 Clearlake Oaks, CA 95423 (707) 998-3322

#### **AUGUST 19, 2021**

This meeting will be conducted by Roberts Rule of Order.

Where appropriate or deemed necessary, the Board may take action on any item listed on the agenda, including items listed as information items. Public documents relating to any open session item listed on this agenda that are distributed to all or a majority of the members of the Board of Directors less than 72 hours before the meeting are available for public inspection in the customer service area of the District's Administrative Office at the above address.

The public may address the Board concerning an agenda item either before or during the Board's consideration of that agenda item. The President will call for comments at the appropriate time. Comments will be subject to reasonable time limits of three minutes.

In compliance with the Americans with Disabilities Act, if you have a disability, and you need a disability-related modification or accommodation to participate in this meeting, then please contact Clearlake Oaks County Water District Secretary to the Board at 707-998-3322. Requests must be made as early as possible, and at least one full business day before the start of the meeting.

#### **AGENDA**

#### **RESOLUTION NO. 21-24**

# THE BOARD OF DIRECTORS OF THE CLEARLAKE OAKS COUNTY WATER DISTRICT

# A RESOLUTION OF DETERMINATION OF NEED AND APPROVAL AND AUTHORIZATION FOR THE PRESIDENT OF THE BOARD TO EXECUTE A CONTRACT BETWEEN LEASING 2 AND CLEARLAKE OAKS COUNTY WATER DISTRICT TO PURCHASE ONE (1) NEW MACK MD642R 2000 GALLON WATER TRUCK

#### LESSEE: CLEARLAKE OAKS COUNTY WATER DISTRICT

At a duly called special meeting of the governing body of Lessee held on the 16<sup>th</sup> day of September, the following resolution was introduced and adopted.

WHEREAS, the governing body of Lessee has determined that a true and very real need exists for the acquisition of the Equipment described in the Lease-Purchase Agreement by and between Lessee and Leasing 2, Inc., and has further determined that the Equipment will be used solely for essential governmental functions and not for private business use.

WHEREAS, Lessee has taken the necessary steps, including, without limitation to compliance with legal bidding requirements, under applicable law to arrange for the acquisition of such Equipment.

**BE IT RESOLVED**, by the governing body of Lessee that the terms of said Proposal, Lease-Purchase Agreement and Escrow Agreement, if applicable, are in the best interest of Lessee for the acquisition of such Equipment, and the governing body of Lessee designates and confirms the following person to execute and deliver, the Lease-Purchase Agreement and Escrow Agreement and any related documents necessary to the consummation of the transactions contemplated by the Lease-Purchase Agreement and Escrow Agreement.

|   | Stanley Archacki, Vice President of the Board |
|---|---|
| (Signature of Party to Execute                |   |
| Proposal, Lease-Purchase Agreement and Escrow | Agreement)                                    |

The undersigned further certifies that the above resolution has not been repealed or amended and remains in full force and effect and further certifies that the above and foregoing Lease-Purchase Agreement and Escrow Agreement is the same as presented at said meeting of the governing body of Lessee.

**THE ABOVE RESOLUTION** is hereby passed and adopted by the Board of Directors of the Clearlake Oaks County Water District at a Regular Meeting thereof held on the 16<sup>th</sup> day of September, 2021 by the following vote:

#### **RESOLUTION NO. 21-25**

# AUTHORIZING REPRESENTATIVE FOR THE CALIFORNIA DEPARTMENT OF WATER RESOURCES FOR THE DROUGHT RELIEF PROGRAM

WHEREAS, Clearlake Oaks County Water District proposes to implement drought emergency work.

WHEREAS, drought emergency work is being implemented in response to a drought scenario, as defined by Water Code Section 1319(a) and is intended to: (1) address immediate impacts on human health and safety; (2) address immediate impacts on fish and wildlife resources; or (3) provide water to persons or communities that lose or are threatened with the loss or contamination of water supplies;

WHEARAS, Clearlake Oaks County Water District has the legal authority and is authorized to enter into a funding agreement with the State of California; and

WHEARAS, Clearlake Oaks County Water District intends to apply for grant funding from the California Department of Water Resources for the drought emergency work;

**THEREFORE, BE IT RESOLVED** by the Board of Directors of the Clearlake Oaks County Water District as follows:

- 1. That pursuant and subject to all of the terms and provisions of the Budget Act of 2021 (stats. 2021, ch. 69, Subsection 112), the Clearlake Oaks County Water District's General Manager, or designee is hereby authorized and directed to prepare and file an application for funding with the Department of Water Resources, and take such other actions as necessary or appropriate to obtain grant funding.
- 2. The Clearlake Oaks County Water District's General Manager, or designee is hereby authorized and directed to execute the funding agreement with the Department of Water Resources and any amendments thereto.
- 3. The Clearlake Oaks County Water District's General Manager, or designee is hereby authorized and directed to submit any required documents, invoices, and reports required to obtain grant funding.

| of Directors of the Clear             | reby certify that the foregoing Resolution was duly and regularly adopted by the Board lake Oaks County Water District at a regular meeting held on 16 <sup>th</sup> day of September and seconded by, motion passed by the following vote: |

# A RESOLUTION OF THE BOARD OF DIRECTORS OF THE CLEARLAKE OAKS COUNTY WATER DISTRICT

#### TO AMEND THE EMPLOYEE HANDBOOK

WHEREAS, Clearlake Oaks County Water District Board of Directors accepts all changes and modifications to the District Employee Handbook as provided herein.

NOW, THEREFORE, BE IT RESOLVED, the Clearlake Oaks County Water District Board of Directors do hereby approve the provisions of the herein Employee Handbook

- 1. The amendments to the Employee Handbook specified in Exhibit 1, attached hereto and incorporated herein by reference, are hereby approved.
- 2. These amendment to the Employee Handbook shall be effective as of September 16, 2021

**BE IT FURTHER RESOLVED** that except as expressly set forth herein, the Employee Handbook is reaffirmed and readopted.

**THE ABOVE RESOLUTION** is hereby passed and adopted by the Board of Directors of the Clearlake Oaks County Water District at a regular meeting thereof held on the 16th day of September 2021, by the following vote:

#### **EXHIBIT 1**

Amendments (noted in red) to the Employee Handbook as approved on September 16, 2021

- Employees on leave of absence for any reason at the time of the holiday observance will be ineligible for holiday pay.
  - Employees with a release to return to work on a District observed holiday will be paid for the holiday.

#### 2. Jury and Witness Duty

The District encourages employees to fulfill their civic duties related to jury service. Employees summoned to jury duty are entitled to paid time off for the first 10 working days of jury service. For any additional service days, time off will be unpaid. However, exempt employees who work any portion of a work week in which they also serve on jury duty will receive their full salary for that work week. Employees may opt to use available accrued PTO or CTO in place of unpaid leave.

If you receive a jury summons, you must inform your supervisor immediately to determine if arrangements can be made to accommodate your leave. If the District cannot accommodate the leave, we will ask that you request a deferral to a more convenient date.

The District reserves the right to require employees to provide proof of jury summons prior to service date to the extent authorized by law. The District also requires a daily attendance slip from the court of service, summons and attendance slips must be provided to the payroll department. Employees are expected to return to work if excused from jury duty during regular working hours or released earlier than expected.

- If the holiday falls on a Saturday, it will be observed on the preceding Friday. If it falls on a Sunday, it will be observed on the next Monday, unless otherwise noted.
- Employees on leave of absence for any reason at the time of the holiday observance will be ineligible for holiday pay.
  - Employees with a release to return to work on a District observed holiday will be paid for the holiday.
- If a holiday falls during your approved vacation period, you will be paid for the holiday and will not be charged with a vacation day for the day the holiday is observed.
- When computing overtime pay, you do not receive credit for hours worked on holidays that are not actually worked.
- In order to be paid for a holiday, you must have worked both the day before and the day after a holiday, unless scheduled/ planned time off was approved in advance (i.e., vacation). In the event of an emergency, (i.e., illness) please contact your General Manager.

#### M. Other Leave Policies

#### 1. Bereavement Leave

In the event of a death in your immediate family, the District **may** grant up to 40 hours for non-exempt employees or five (5) days for exempt employees of paid time away from work if you are a regular full-time employee.

The intent of this benefit is to allow you to make arrangements for and/or to attend the funeral. Additional time off in the form of paid leave of absence (i.e. PTO or CTO) may be granted for special circumstances with the General Manager's approval. Immediate family for the purpose of bereavement leave is defined as a mother, father, wife, husband, natural or adopted child, brother, sister, grandparent, grandchild, domestic partner, inlaws or current step-relatives.

#### 2. Jury and Witness Duty

The District encourages employees to fulfill their civic duties related to jury service. Employees summoned to jury duty are entitled to paid time off for the first 10 working days of jury service. For any additional service days, time off will be unpaid. However, exempt employees who work any portion of a work week in which they also serve on jury duty will receive their full salary for that work week. Employees may opt to use available accrued PTO or CTO in place of unpaid leave.

If you receive a jury summons, you must inform your supervisor immediately to determine if arrangements can be made to accommodate your leave. If the District cannot accommodate the leave, we will ask that you request a deferral to a more convenient date.

The District reserves the right to require employees to provide proof of jury summons prior to service date to the extent authorized by law. The District also requires a daily attendance slip from the court of service, summons and attendance slips must be provided to the payroll department. Employees are expected to return to work if excused from jury duty during regular working hours or released earlier than expected.

If required by law to appear in court as a witness, you may be given paid time off up to a maximum of 16 hours for non-exempt (pro-rated for regular part-time) employees provided that you provide the District with reasonable advance notice and proof of such court order.

#### 3. Military Leave

A military leave, in accordance with Federal law, will be granted to those employees of a reserve component of the Armed Forces of the United States or National Guard.

If regular, full-time employees are called to active military duty training as members of the Armed Forces, Reserves, or National Guard, they may be eligible for full pay for military leaves for the first 30 days working days per calendar year provided that they are regular, full-time employees; ordered for purposes of military training, encampment, naval cruises, special exercises or like activity. Employees on military leave shall accrue PTO and seniority for the first 180 days of military duty, in accordance with applicable law. There is no accrual of PTO after the first 180 days unless expressly provided by District policy.

If regular, full-time employees are called to active duty during national or state emergencies, as members of the Armed Forces, Reserves, or National Guard, they shall be entitled to receive the difference between their regular rate of pay and their military rate of pay for the duration of their active duty call.

Military orders should be presented to your immediate manager and arrangements for leave made as early as possible before departure.

Should you either voluntarily or involuntarily leave your employment to serve in the armed services, you shall be entitled to reinstatement according to applicable State and Federal law in effect at the time of your release from active service. No one in this category should be denied re-employment without the District first consulting legal counsel.

#### 4. Military Spouse Leave

Employees that work more than 20 hours per week and have a spouse in the Armed Forces, National Guard, or Reserves that have been deployed during a period of military conflict are eligible for up to 10 unpaid days off when their spouse is on leave from military deployment. Employees must request this leave in writing to the General Manager within two business days of receiving official notice that their spouse will be on leave. Employees requesting this leave are required to attach to the leave request written documentation certifying the spouse will be on leave from deployment.

#### **RESOLUTION NO. 21-27**

# A RESOLUTION OF THE BOARD OF DIRECTORS OF CLEARLAKE OAKS COUNTY WATER DISTRICT AMENDING THE "POLICY PERTAINING TO PUBLIC WORKS" AS IT RELATES TO EMEREGENCIES

WHEREAS, the State of California has declared a State of Emergency related to the current drought affecting many water supply systems throughout the State of California including Lake County, and

WHEREAS, Clearlake Oaks County Water District ("CLOCWD" or "District") is currently facing serious existing and potential health and safety issues relating to both the quality and availability of drinking water due to the drought, and

WHEREAS, the District has had extreme difficulty with accumulations of algae from algal blooms thus affecting the filters and other water treatment plant components runtimes, and

WHEREAS, the projected lake levels could have an impact on the existing two intake pumps operations, with either pump required to produce an approximate amount of flow at up to 1000 GPM, and

WHEREAS, as the lake level drops the existing submersible pumps could be seriously impacted, and

WHEREAS, to supply the required raw water from the lake, CLOCWD is requesting that a new 8-inch HDPE intake pipe be extended a minimum of 1000LF into the lake to assure that water levels provide the necessary raw water for treatment and that a movable pump system be installed with connections to the existing pump pipelines feeding the clarifiers at the Wastewater Treatment Plant, and

WHEREAS, per Fish and Game restrictions, work that effects the bottom of the lake can only be performed during October 16 through December 31<sup>st</sup> due to Hitch, and

WHEREAS, this new intake pipeline will also meet the current California Fish and Wildlife requirements and be supplied with a self-cleaning fish screen, and District will be obtaining a Lake Bed Management Permit from the County of Lake, Water Resources, and

WHEREAS, any CEQA requirements will be waived under the CEQA Emergency Project exemption, 14 CCR 15269, and

WHEREAS, CLOCWD has recently applied for and was awarded a DDW Urgent Drinking Water Needs Funding to purchase and install pipeline material, new 75-100 HP electrical self-priming pump with a soft start VFD, and other appurtenances, and

WHEREAS, the proposed grant also allows for CLOCWD to rent equipment, if needed, while orders are being placed and received for installation, and

WHEREAS, these measures are considered emergency actions, and CLOCWD is requesting an emergency declaration to move forward expeditiously with the required improvements, and

WHEREAS, the District has adopted a Policy Pertaining to Public Works dated March 19, 2020, and

WHEREAS, the Board of Directors desires to amend the Policy Pertaining to Public Works, regarding the awarding of contracts during an emergency,

NOW, THEREFORE, BE IT RESOLVED that the "Policy Pertaining to Public Works" is amended as follows:

"Emergency purchases of \$8,000.00 or more may be made in accordance with this section."

- (a) If a meeting of the Board of Directors can be commenced in a timely manner, as determined by the General Manager and, if available, Board President, the Board may authorize the procurement of public works, professional services, or goods and services without bidding or requests for proposal. The minutes shall reflect the basis for the emergency. At the next regular meeting of the Board, the Board shall determine whether to continue or terminate the emergency authorization.
- (b) If a meeting of the Board of Directors cannot reasonably be commenced in a timely manner, the General Manager may authorize the procurement of public works, professional services or goods and services without bidding. The General Manager shall report to the Board within 10 days of the emergency and actions taken. At the next regular Board meeting, the Board shall determine whether to continue or terminate the emergency authorization."

**THE ABOVE RESOLUTION** is hereby passed and adopted by the Board of Directors of Clearlake Oaks County Water District at a regular meeting thereof held on the 16th day of September 2021, by the following vote:

| AYES:    |                                      |

| NOES:    | CLEARLAKE OAKS COUNTY WATER DISTRICT |
| ABSTAIN: |                                      |
| ABSENT:  | By: Stanley Archacki, Vice President |
|          | Attest:                              |
|          | Olivia Mann Board Secretary          |

# EMERGENCY AND ON-CALL SERVICES PROPOSAL FOR THE EMERGENCY PUMP AND PIPE INTAKE PURCHASE, INSTALLATION, AND RELATED ENGINEERING SUPPORT

MC Engineering, Inc.

Clearlake Oaks County Water District September 8, 2021

#### **DESCRIPTION**

Clearlake levels have decreased to record lows in 2021. Ongoing operation of the existing Clearlake Oaks County Water District (CLOCWD/District) intake system will be threatened if drought conditions persist.

This project will include making various modifications and additions to the existing lake intake and pumping facilities to accommodate lower lake levels. The project scope includes a new emergency intake and pump system that will be connected to the existing piping along the dock/pier at the Water Treatment Plant (WTP). Included with the new intake pipe will be couplings (Bauer type) and flexible hosing at each end of HDPE. A new self-cleaning fish screen will be attached to the intake end of hose with a buoy marking the location for retrieving and removal. A new portable pump (skid or wheel mounted) will be purchased that will provide similar operating flows at required pressures (total developed head or TDH). Supervisory control and data acquisition (SCADA) upgrades will be designed and installed along with an emergency power connection to the existing source. Certain materials will be purchased by the CLOCWD and miscellaneous materials, along with miscellaneous appurtenances, will be purchased as a part of contractor's bid/quote. All Permits (including California Fish and Wildlife and County Shoreline) will be responsibility of CLOCWD with assistance from the Engineer.

MC Engineering is proposing to provide design and construction management services for this emergency project. It is assumed that the District will retain a pre-selected and qualified contractor that will work with MC Engineering collaboratively during the design-phase to expedite the construction of this project.

A detailed scope of work is presented below:

#### **TASK 1, PROJECT MANAGEMENT**

This task will include regular communications with the CLOCWD General Manager and staff along with assistance and coordination as needed. This will also include monthly invoicing, partial pay estimates, progress reports, District staff reports and resolutions, and preparation of meeting minutes. Miscellaneous field and office coordination(s) with the District staff and the contractor will also be completed under this task.

#### TASK 2, FIELD SURVEY, CURSORY DRAWINGS, AND OUTLINE SPECIFICATIONS

Under this task, MC Engineering will be preparing cursory drawings intended to convey the design intent to a pre-selected and qualified installation contractor. Where appropriate, hand drawings and details will be used in conjunction with manufacturer's data sheets to describe the work with the understanding that time is of the essence. Basic project specifications will be prepared with the understanding that the final installation means and methods will be at the discretion of the

contractor. Electrical drawings will be prepared for power and control conduits and wiring for the pumps with input from the District's system integrator, Southport Controls, that will be contracting directly with the District for all SCADA and control related work. Task 2 also includes field review, meetings, and site visits.

#### Task 3, Materials Purchasing

MC Engineering will work with District staff and the General Manager to assist with procurement of pumps, piping, electrical, and mechanical equipment needed for the emergency intake. Where appropriate, prices will be negotiated in advance on behalf of the CLOCWD with qualified suppliers.

#### TASK 4, CONSTRUCTION OBSERVATION AND SUPPORT SERVICES

It is assumed that the District's WTP staff will provide continuous inspection of the related activities with close coordination with the contractor and MC Engineering team. MC Engineering staff will provide field notes and photo documentation as the work progresses and will conduct a weekly coordination meeting, as part of the monitoring and observation. Some field design revisions may be required based on differing site conditions and lack of existing mapping and drawings of the existing facilities. Startup observation is a part of this task.

#### **TASK 5, PREPARE RECORD DRAWINGS**

MC Engineering will prepare record drawings under this task. Record drawings will include a rough layout of the pipeline, electrical connection details, pipeline connection details, fish screen specifications, and connection details. All specs for pumps, VFDs, fish screens, and SCADA drawings are to be supplied by equipment manufacturers and subcontractors where appropriate.

#### **PROJECT TIME AND MATERIALS BUDGET**

All work will be performed on a time-and-materials basis with a total engineering fee not-to-exceed **\$29,600** without prior written authorization from the District. It is assumed that the District will hire the SCADA and control specialist directly under a separate agreement.

| Cost Proposal - Soft Cost  |          |                    |           |         |          |          |            |          |  |

#### PROJECT SCHEDULE AND GENERAL SCOPE OF WORK

Below is a preliminary project schedule that may be modified based on various circumstances beyond our control:

| BRIEF DESCRIPTION OF SCOPE OF WORK |  |  |  |                    |  |  |  |
|------------------------------------|--|--|--|--------------------|--|--|--|
| ltem N                             | lo. and Description  | Scope of Work Description (Prioritized)  | Responsible<br>Party                           | Completion<br>Date |  |  |  |
| 1                                  | Purchase 5-32" Fish<br>Screen  | Pac<br>Machine   | 11/1/202                                       |                    |  |  |  |
| 2                                  | 2. Purchase<br>Goodwin NC 150s-<br>75Hp Pump                                   | Purchase Goodwin pump from Pac Machine (negotiate price) pump lead time is 6-8 weeks.<br>Verify existing flow rates and TDH.   | Pac<br>Machine                                 | 11/1/202           |  |  |  |
| 3                                  | Design and Install<br>SCADA  | Joe Matella will provide a quick design of SCADA with control set-points similar to existing intake pump ops. Flow rates per CLOCWD staff.   | Matella  | 11/1/202           |  |  |  |
| 4                                  | Install Fish Screen<br>w/ Skid   | Pac Machine will install fish screen with skids on to flex hosing to be placed @ approx. 2- feet from lake botttom - All pipe to be installed by T&S.  | Pac<br>Machine                                 | 11/20/20           |  |  |  |
| 5                                  | Install Pipeline<br>(HDPE)   | T&S to install approx. 1000 LF of 8-inch HDPE w/flange type connections for hoses- and sink with weighted concrete/straps to bottom. Place on lake bottom (min. of additional 6 ' of depth to (E) intake elevation) include flex hosing on each side of HDPE @+/- 50' each side of HDPE. | T&S  | 12/15/20           |  |  |  |
| 6                                  | Install 2-inch<br>SCADA Conduit  | Provide Conduit for SCADA - Approx. 200 LF PVC - from Pump VFD tp WTP Scada/Pump Panel   | T&S  | 12/15/20           |  |  |  |
| 7                                  | Install 6 or 8-inch DI<br>Tee w/ GV and CVs                                    | Intstall 8x8x8 DI Tee at specified location on west dock pipeline. Add check valves and gate valves. Must be located on lake-side of (E) flow meter and add 90* elbow to connect hose to (w/ Bauer type of connection) 6-inch tee may be possibly be used in place of 8-inch.            | T&S  | 12/20/20           |  |  |  |
| 8                                  | Install/Provide 480<br>volt Connection to<br>(E) Power on Dock<br>for (N) Pump | Locate appropriate point of connection to existing power supply to pumps, panel, and switch.   | T&S  | 12/20/20           |  |  |  |
| 9                                  | Link Fencing with  | Install protective chain link fence at $15'x15'x15'x15'$ w/ gate (vandelism and safety). The intent is to allow the pump located on shoreline to move if necessary with dropping of lake elevation.  | T&S  | 12/22/20           |  |  |  |
| 10                                 |  | Set-up startup and testing procedures including pressure, flow rate and TDH, fish screen effectivenes, SCADA and controls, and other misc.   | CLOCWD/<br>T&S/<br>Matella/<br>and MC<br>Engrs | 1/25/202           |  |  |  |

# EMERGENCY AND ON-CALL ENGINEERING SERVICES PROPOSAL FOR THE LIFT STATION 1 - GRAVITY PIPELINE REHABILITATION PROJECT

MC Engineering, Inc.
Clearlake Oaks County Water District
September 8, 2021

#### **DESCRIPTION**

Some portions of the existing 6-inch gravity sewer pipeline and manholes upstream of Lift Station No. 1 were constructed in Clear Lake and are completely submerged with very limited access to manholes in normal wet-years. This gravity pipeline and related appurtenances are a significant source of infiltration and may contribute to exfiltration of sewage into the lake. Due to the recent drought, this pipeline is visible on dry ground and manholes can be accessed without a boat, which leaves a short window of opportunity before winter rain to inspect and provide the necessary and recommended rehabilitation measures.

This project will include making various modifications to this pipeline to reduce infiltration and exfiltration. The work is anticipated to include manhole rehabilitation, pipeline repair in select locations, and new manhole access hatches designed to minimize infiltration and possible exfiltration into the lake while improving access for on-going operations.

MC Engineering is proposing to provide design and construction management services for this emergency project. It is assumed that the District will retain a pre-selected and qualified contractor that will work with MC Engineering collaboratively during the design-phase to expedite the construction of this project.

A detailed scope of work is presented below:

#### TASK 1, PROJECT MANAGEMENT

This task will include regular communications with the Clearlake Oaks County Water District (CLOCWD/District) General Manager and staff along with assistance and coordination as needed. This will also include monthly invoicing, progress reports, and preparation of meeting minutes. Miscellaneous coordination with the District staff and the contractor will also be completed under this task.

#### **TASK 2, DATA COLLECTION**

Under this task, MC Engineering will acquire documentation consisting of old maps, prior spills, callouts, excessive pump flows, customer complaints, and/or other repairs to justify the grant fund expenditures and related emergency retrofit needs.

#### TASK 3, FIELD VERIFICATION AND CURSORY SURVEYING

This task will include working collaborative with District staff and proposed third-party specialty contractors to collect all pertinent information, including photos of manholes and exposed pipelines, manhole elevations and depths, length of pipe between manholes, pipe type and diameter, etc. This information will be documented and included in a base drawing of the alignment that includes related manholes. MC Engineering staff will utilize either a portable GPS

device or other appropriate survey equipment to acquire coordinates of the manholes and pipeline alignments.

#### TASK 4, CCTV AND SMOKE TESTING SUPPORT

MC Engineering staff will support the District by scheduling and monitoring the collection of closed-circuit television (CCTV) data and smoke testing results that will be collected/conducted by specialty contractors under direct contract with the District.

#### **TASK 5, DATA REVIEW**

This task will include a review of the results of data collection, including CCTV and smoke testing. All information, as collected, will be reviewed by both the District and MC Engineering. This information will be used to provide a list of cost-effective rehabilitation measures that will eliminate potential future sewer spills along with eliminating infiltration that can have an adverse overall effect on the collection system.

#### **TASK 6, CURSORY DESIGN DOCUMENTS**

Given a critical need and limited time, informal drawings will be prepared solely for communicating the design intent to a pre-selected contractor/s for final pricing. The preliminary field drawings will include the location and type of rehabilitation, including any specifications for rehabilitation measures that will be deemed appropriate and cost-effective. These design documents will be used by the contractor, as chosen by the District, to perform the work. On-going collaboration between the contractor, engineer, and the District staff will be required.

#### **TASK 7, CUSTOMER COORDINATION**

It is assumed that CLOCWD will be providing all written notifications with input from MC Engineering to assist in property owner notification, including preparation of letters requesting access to critical points along the alignment.

#### **TASK 8, RECORD DRAWINGS**

Upon completion of the construction, MC Engineering will prepare record drawings of the modifications and provide these to the District in PDF format. Other information collected will include photos taken of all construction related work with CCTV logs and photos of all of the inflow sources as identified within the smoke testing program for future use.

#### **TASK 9, CONSTRUCTION OBSERVATION**

It is assumed that the CLOCWD staff will lead the oversight of the installation with periodic observations and input from the MC Engineering team in order to minimize inspection costs. It is further assumed that CLOCWD will be awarding the work to a prequalified contractor without the need for competitive bidding, based in part on pre-negotiated costs for construction. The estimated construction costs is (+/- 20%) \$ 119,000.

#### **PROJECT TIME-AND-MATERIALS BUDGET**

The current project budget and scope are noted below:

Clearlake Oaks County Water District LS No. 1 Pipelines Rehabilitation Projects

Notes:

(1) CLOCWD to contract with smoke testing contractor to perform work with CLOCWD staff support

(2) CLOCWD to contract with CCTV inspection contractor to perform work with CLOCWD staff support

(3)Revise maps/add sketches/develop folder/materials/photos/logs

(4) CLOCWD to assit in construction oversite - Declare Emergency/T&S Construction or other contractor

| Labor Rates |       |  |  |  |  |  |
|-------------|-------|--|--|--|--|--|
| Staff       | Rate  |  |  |  |  |  |
| Jose Rick   | \$120 |  |  |  |  |  |
| Mark        | \$180 |  |  |  |  |  |
| John        | \$175 |  |  |  |  |  |

The total MC Engineering time-and-materials compensation is **\$25,160**. This cost will not be exceeded without prior authorization from the District. It is assumed that the District will hire a subcontractor directly to perform both smoke testing and CCTV inspections.

#### PROJECT SCHEDULE AND GENERAL SCOPE OF WORK

Below is a preliminary project schedule that may be modified based on various circumstances beyond our control:

|   | SCOPE OF WORK (1)   | Proposed Schedule |
|---|---|-------------------|
| Α | Data Collection - Acquire documenation of old maps, prior spills, callouts, excessive pump flows, customer complaints, and/or other repairs | 10/15/2021        |
|   | Field Verifications - Jointly collect all pertinent information, including photos of manholes and exposed pipelines, manhole elevations and |                   |
| В | depths, length of pipe between manholes, pipe type and diameter   | 10/20/2021        |
| С | Provide hand-held GPS updated information at all manholes and portions of the pipeline  | 10/25/2021        |
| D | Schedule and monitor CCTV and smoke testing   | 10/20- 10/25/2021 |
| E | Review all results of data collection, including CCTV and smoke testing resultsand provide a list of rehabilitation measures                | 10/26/2021        |
| F | Provide preliminary field drawings with locations of type of rehabilitation, including any specifications for rehabilitation measures       | 11/5/2021         |
| G | CLOCWD providing all written notifications w/ MC Engrs to assist in property owner notification and preparation of any required maps        | 10/20- 10/25/2021 |
| Н | Monitor all construction work- Project is assumed to be an enmergency and requires no bidding   | 11/10- 12/10/2021 |
| 1 | Provide as-built information using existing and updated GPS mapping   | 12/30/2021        |
| J | Assist in grant appications and communication with the all federal and state agencies   | 9/20- 10/10/2021  |
| К | General project administration to be provided by MC Engrs.  | 9/20- 12/30/2021  |

Note: (1) It is assumed that the CLOCWD will provide some staff support in collecting and providing all past operational data and will also be present with the MC Engineering staff to conduct field measurements and assessments, including CCTV and smoke testing inspections.
